University of Pune / India, Feb 2012

Most Important Theoretical Knowledge Through University Courses (B.Sc.)

1. Structured Programming.
2. Discrete Structure .
3. Computer Organization And Technology .
4. Logic Design For Computer .
5. Architecture And Assembly Language .
6. Systems Analysis And Database Design.
7. Data Structure And Algorithms .
8. Computational Theory .
9. Object Oriented .
10. Software Engineering .

11. Compilers .
12. Design And Analysis Of Algorithms.
13. Computer Graphics .
14. Computer Architecture .
15. Artificial Intelligence (IT).
16. Advance Windows Programming .
17. Information And Computer Security .
18. Image Processing .
19. Computer Networks And Communications .
20. Advance Intelligent Applications .
21. Internet .
22. Operating Systems .
23. Project Of Graduation: Image Processing (Fingerprint Recognition Using VB6).

Most Important Theoretical Knowledge Through University Courses (M.Sc.)

1. Principles Of Programming Languages.
2. Object Oriented Software.
3. Distributed Database Concept .
4. Design And Analysis Of Algorithm.
5. Advanced Network.
6. Unix Internals.
7. XML.NET Programming .
8. Software Metrics And Project Management .
9. Mobile Computing .
10. Information System Security .
11. Data Mining .
12. Project Of Graduation: "Video Conference System Using H.323 Protocol "

Experience

2. LAB Instructor in University of al Muthanna (2007-2009).
3. Windows, Ms Office, Window server, several program languages.
7. Published a research about Dynamic key Auto generation cipher system.
8. I have completed " Cyber Threads and Network Security " course in " T Times Solutions " Institute , (2010/2011) , Pune , India .
8. I have completed " PC and Mobile Communications " course in " T Times Solutions " Institute , (2010/2011) , Pune , India .

9. Developing "Video Conference System Using H.323 Protocol " under the guidance of Pineapple Group (2011) , Pune , India .

Skills

1. Programming Languages: Java, C, C++, SML, Prolog, Pascal, and Visual basic.Net.
2. Web Development: HTML, XML, Web Objects, JavaScript.
3. Databases: Oracle 10g Client/Server Database, SQL, Access, MySQL, PostgreSQL
4. Software Packages: Microsoft Office, Adobe ImageStyler
5. Operating Systems: Windows (XP Professional, Win 7, Vista, 2003 Server, 2008 Server), UNIX, Linux.
6. Networking:
 - ☐ LAN/WAN Networking Cisco Routers, Switches, Bridges, Servers, Hubs, and Workstations, Fiber Optic technologies, BLSR, SAN, MS Spring, UPSR, etc.
 - ☐ Protocols: Ethernet, TCP/IP, DHCP, DNS, OSPF, RIP, BGP, IS-IS, Fiber Channel, MPLS, ESCON, FICON, TL1, etc.
 - ☐ Familiar with network simulators include:
 - ☐ OPNET
 - ☐ Boson
 - ☐ Packet tracer.
7. Business Skills: Enterprise Resource Planning, accounting, Key Performance Indicators.

Official Positions

- ☐ Lecturer in Mathematical and Computer Application Department –College of Science-University of Al Muthanah.
